Source: Table prepared by the Congressional Research Service on September 8, 2014, for the 2014 version of the House Ways and Means Committee Green Book. Data are from the U.S. Department of Health and Human Services (HHS), Administration for Children and Families (ACF), Office of Child Care (OCC), as published on the OCC website in August 2014 at <http://www.acf.hhs.gov/programs/occ/resource/ccdf-state-and-territory-funding-allocations>. To allocate funds, HHS used data from the following sources: population under 5 and population under 13 from the Census Bureau published summer 2013; FY 2012 Participants in Free and Reduced School Lunch Program from the Department of Agriculture; and Per Capita Personal Income for 2008, 2009 and 2010 from the Department of Commerce published April 2012.

Notes: For this table, allocations of federal funding are based on appropriated (and pre-appropriated) funding and do not include reallocations. Estimates of minimum state funding required include both maintenance-of-effort and state share of mandatory matching funds required prior to reallocations.
